

12th IUSTI World Congress, Nov. 2-5, New Delhi, India					
Nov. 02, 2011, Wednesday		Nov. 03, 2011, Thursday		Nov. 04, 2011, Friday	
07.30-08.30		Registration			
08.30-10.00	Pre-Congress Course on Program Science	IASSTD AIDS Session	Symposium 1. New Diagnostics: Dr. Charlotte Gaydos, USA Symposium 2. New Epidemiology: Dr. Anne Rompalo, USA Symposium 3. New Threats to Treatments: Dr. David Lewis, South Africa (Plenary Hall)	Plenary 4. Evolution of Infectious Agents in Relation to Sex: Dr. Magnus Unemo, Sweden Plenary 5. A Renaissance in AIDS Vaccine Development: Dr Rajat Goyal, India Plenary 6. Sexual Reproductive Health Programs: Dr. Johannes Van dam, FHI (Plenary Hall)	Plenary 7. Information Technology and STIs/HIV: Dr. Patricia Garcia, Peru Plenary 8. Sexual health for Individuals, for Nations: dr. Kevin Fenton, CDC, USA Plenary 9. What are next research and leadership priorities needed to optimize sexual health? Dr. John Douglas (Plenary Hall)
10.00-10.30		Tea Break			
10.30-12.00	Pre-Congress Course on Program Science	IASSTD AIDS Session	Symposium 3. FHI/Gates Foundation sponsored symposium on Avahan Project (Hall 4)	Symposium 4. AIDS Society of India Symposium (Hall 5)	Symposium 5. What is new in Global Health: Integration, Implementation (Hall 6)
10.30-12.00		Symposium 2. Special Symposium on Ongoing STI Research in India 2	Symposium 4. AIDS Society of India Symposium (Hall 5)	Symposium 12. mHealth: Challenges and Opportunities for Improving Sexual Health (Hall 4)	Symposium 13. British Association of Sexual Health and HIV (Hall 5)
10.30-12.00		Symposium 1. Special Symposium on Ongoing STI Research in India 1	Symposium 5. What is new in Global Health: Integration, Implementation (Hall 6)	Symposium 14. Sponsored World Health Organization (WHO) (Hall 6)	Symposium 18. Sexual Reproductive Health for Different Sexual Orientations Populations (Hall 4)
12.00-13.00		Lunch			
13.00-14.15	Pre-Congress Course on Program Science	IASSTD AIDS Session	Symposium 6. Sister Societies Symposium: IUSTI-Asia-Pacific (Hall 4)	Symposium 7. New Findings on Women's Sexual/Reproductive Health (Hall 5)	Symposium 19. Global Experiences with Implementing Sexual Health: Emerging Lessons and Future Directions (Hall 5)
14.15-15.30		IUSTI North America Course on STIs	Symposium 9. New developments in STI (Hall 5)	Symposium 10. Ethical Issues in STI (Hall 5)	Symposium 20. National AIDS Control Organization -India
14.15-15.30		Tea Break	Symposium 11. New developments in Clinical Issues in STIs (Hall 4)	Symposium 15. ASTDA, ASHA, (Hall 5)	Key Note Lecture with Closing: King Holmes (Plenary Hall)
15.30-16.00		Tea Break	Symposium 12. New issues and Task Shifting with POC tests for STIs (Hall 6)	Symposium 16. Sponsored by the Knowledge Network Project and the HIV Synthesis Consortium (Hall 6)	Lunch
16.00-16.30		Tea Break	Symposium 13. Bacterial STI and Other High Risk Groups (Hall 5)	Symposium 17. Sex Workers (Hall 5)	IUSTI EXCO Meeting followed by early dinner at Chor Bazar
16.00-17.00	Inaugural Ceremony followed by Inaugural Key Note Lecture- Dr. Quarraisha Karim, South Africa on CAPRISA. (Plenary Hall)	Tea Break	Symposium 14. Laboratory Science (Hall 4)	Symposium 18. Sexual health (Hall 4)	
17.00-18.00	Departure for Siri Fort Auditorium for Cultural evening and Dinner (All are Invited)		Oral Session 1. Public health and Epidemiology)	Oral session 7: Gonorrhea and Chlamydia (Hall 5)	
18.00-18.30			Departure for Faculty Dinner (Only by Invitation)	Oral Session 8: Epidemiology & Public Health (Hall 6)	

12th IUSTI World Congress
November 2-5, 2011, New Delhi, India
Scientific Program

Day 1, Wednesday, November 2, 2011

<p>Plenary Hall (Capacity: 1285) 16.30-17.30</p> <p>Chair Persons Dr. Vinod K. Sharma and Dr. Somesh Gupta</p> <p>Speakers: Congress Co-Chair: Dr. Somesh Gupta (8 minutes) Prof. King K. Holmes, President IUSTI (8 Minutes) Dr. Dorairaj, President, IAS STD AIDS (5 Minutes)</p> <p>Congress Co-Chair Dr. Vinod K. Sharma (5 minutes) Pushpavathi R, Representative of Sex Workers and Ms. Gowri Sawant, Representative of transgenders (15 Minutes) Lighting the lamp Dr. R. C. Deka, Director, AIIMS, Guest of Honour (8 Minutes) Dr. V. M. Katoch, Director, ICMR, Chief Guest (8 Minutes) Thanks and concluding remarks: Somesh Gupta (5 Minutes)</p> <p>Tea Break</p> <p>18.00-18.30</p> <p>Chair Persons Prof. King K. Holmes (USA), Dr. Raj Patel (UK) Stopping the HIV pandemic - what will it take?: Prof. Quarraisha Karim, Centre for the AIDS Programme of Research in South Africa. South Africa (KN1.)</p> <p>Hall 4 (Capacity: 171) Pre-congress course on Program Science</p> <p>Chair Persons Dr. Sevgi Aral (US), Dr. James Blanchard (Canada)</p> <p>08.30</p> <p>Welcome: Sri Ayan Chatterjee, Secretary & Director General, National AIDS Control Organization (NACO) (C1)</p> <p>Introductions & Background: Ms. Aradhana Johri, Additional Director, NACO (C2)</p> <p>Introductory Session</p> <p>09.00</p> <p>Programme Science: Background and Conceptual Framework: Dr. James Blanchard, University of Manitoba, Canada (C3)</p> <p>09.30</p> <p>Programme Science: The Need for a Paradigm</p>	<p>10.00</p> <p>10.30</p> <p>SESSION 1</p> <p>11.00</p> <p>11.30</p> <p>12.00</p> <p>12.30</p> <p>SESSION 2</p> <p>13.30</p> <p>14.00</p> <p>14.30</p> <p>SESSION 3</p> <p>15.00</p> <p>15.25</p> <p>15.50</p> <p>16.15</p> <p>Hall 5 (Capacity: 263) 09.00-10.30</p> <p>Chair Persons</p> <p>09.00</p>	<p>Shift: Dr. Sevgi Aral, Centers for Disease Control, USA (C4)</p> <p>Programme Science: An Introduction to the Components: Dr. Aparajita Ramakrishnan, Bill & Melinda Gates Foundation, India (C5)</p> <p>Tea Break</p> <p>Epidemic Appraisal and Strategic Planning: Examples</p> <p>India: Dr. B.M. Ramesh, Karnataka Health Promotion Trust, India (C6)</p> <p>Nigeria: Dr. Francis Agbo, National Agency for the Control of AIDS, Nigeria (C7)</p> <p>Sri Lanka: Dr. Kam Ariyaratne, National STD/AIDS Control Programme, Sri Lanka (C8)</p> <p>Lunch</p> <p>Programme Implementation: Examples</p> <p>Kenya: Dr. Nicholas Muraguri, National AIDS and STD Control Programme, Kenya (C9)</p> <p>United States: Dr. Kevin Fenton, Centers for Disease Control, USA (C10)</p> <p>India: Dr. Rajan Khobragade, National AIDS Control Organisation, India (C11)</p> <p>Programme Management, Monitoring and Evaluation</p> <p>India: Mr. Shiv Kumar, Swasti, India (C12)</p> <p>Dr. Kayode Ongunbemi, National Agency for the Control of AIDS (C13)</p> <p>Cambodia (C14)</p> <p>Summary and Conclusions: Dr. Sevgi Aral, Dr. James Blanchard (C15)</p> <p>Special Symposium on ongoing STI Research in India (Session 1)</p> <p>Dr. V. M. Katoch (India), Dr. Bhushan Kumar (India) Capacity Assessment of Sub-district Health Facilities and Community Expectations on STI/RTI Services in India: Dr. Sanjay Chauhan, Deputy Director (Scientist E) and Head, Department of Operational Research National Institute for Research in Reproductive Health, (Indian Council of Medical Research), Jehangir Merwanji Street, Parel, Mumbai, India (S1)</p>
---	---	--

Abstract

09.20	Sexually transmitted infections in intervened key populations at higher risk and STI patients in India: Dr. Sanjay Mahendale, Director, National Institute of Epidemiology, Chennai, India (S2)	12.30-13.30	Lunch
09.40	Synopsis research activity undertaken by National STI programme during NACP-III. Dr. Sunil Kharparde, National AIDS Control Organization (NACO), New Delhi, India (S3)	13.30-16.00	IUSTI North America Course on STIs
10.00	Recent trends in female genital chlamydial infection in India: Dr. Aruna Mittal – Scientist 'G' National Institute of Pathology (ICMR), New Delhi, India (S4)	Course organizer	Charlotte Gaydos (USA)
10.15	Current status of AMR surveillance in <i>Neisseria gonorrhoeae</i> in India and search for alternative treatment options: Dr. Manju Bala, Consultant Microbiologist & Associate Professor, Regional STD Teaching, Training & Research Centre, Co-ordinator, WHO GASP SEAR Regional Reference Lab., V.M. Medical College & Safdarjang Hospital, New Delhi, India (S5)		Syphilis and HIV: New Solutions: Dr. Anne Rompalo, Professor of Medicine, Perdana University Graduate School of Medicine, Serdang, Malaysia and Johns HOPkiins School of Medicine, Baltimore, U.S.A.(C16)
10.30-11.00	Tea Break		HSV, Trichomonas, and HIV: The Perfect Storm: Dr. Barbara Van Der Pol, Division of Epidemiology & Biostatistics, Assistant Professor of Epidemiology & Medicine, Director, Infectious Diseases Laboratory, Indiana University School of HPER, Indiana University School of Medicine, Indiana University, USA (C17)
11.00-12.30	Special Symposium on ongoing STI Research in India (Session 2) Sponsored by Roche		STI and HIV Diagnostics: Update and New Approaches: Charlotte Gaydos: Professor, Div Infectious Disease, Medicine, Johns Hopkins University, Baltimore, Maryland, USA (C18)
Chair Persons	Dr. Bindu Dey (India), Dr. K. K. Verma (India)	Hall 6 (Capacity: 378)	Update on the new CDC treatment guidelines: Dr. Dennis Fortenberry, Indiana University School of Medicine, Indiana University, USA (C19)
11.00	Roche Person	09.00-16.00	IAS STD AIDS Session
11.10	HPV Vaccine Strategy-Indian Perspective: Dr. Bindu Dey, Director, medical Biotechnology, Department of Biotechnology, Government of India, New Delhi, India (S6)	09.00	Dr. Sardari Lal Memorial Award
11.25	Genotype distribution of HPV in anogenital lesions: Dr. Lalit Dar, Professor, Department of Microbiology, All India Institute of Medical Sciences, New Delhi, India (S7)	Chairpersons	Dr.A.K.Jaiswal, Dr.K.Venkateswaran
11.40	PGMY-Reverse Line Blot – A Comprehensive HPV Genotyping Assay and its Utility in STI Research in India: Dr. Alok Bharti, Division of Molecular Oncology, Institute of Cytology and Preventive Oncology, I-7, Sector-39, Noida, 201 301, Uttar Pradesh, India (S8)	09.30	Characterization of patients with multiple sexually transmitted infections: A hospital-based survey: Dr. Shilpee Choudhry (IAS STD AIDS 1)
11.55	Mycoplasma genitalium: An Emerging Sexually Transmitted Pathogen in India: Dr. Sunil Sethi, Additional Professor, Department of Microbiology, Postgraduate Institute of Medical Education and Research, Chandigarh, India (S9)	Chairpersons	Dr. R. V. Rajam Endowment Oration
12.10	Development of Loop-Mediated Isothermal Amplification (LAMP) Assay for Rapid detection of <i>Neisseria gonorrhoeae</i> : Dr. Seema Sood, Additional Professor, Department of Microbiology, All India Institute of Medical Sciences, New Delhi, India (S10)	10.00	Dr. G. C. Rao, Dr. P. Rambabu
		10.30-11.00	How Thailand cut the STI incidence in the era of HIV/AIDS: Dr. Chavalit Mangkalaviraj, Bangkok, Thailand (IAS STD AIDS 2)
		11.00	Silver Jubilee Oration of the Institute of Venereology
		Chairpersons	Dr.V.Sudha, Dr.C.Mahalingam
		10.30-11.00	Evidence based Program Management, National STI/RTI control and Prevention Program – A case study: Dr. T. L. N. Prasad, Technical Expert, National AIDS Control Organization, New delhi, India (IAS STD AIDS 3)
		11.00	Tea Break
		Chairpersons	Dr. M. A. Wali Oration
		11.00	Dr. P. Elangovan, Dr. Bujji babu
		Chairpersons	Adolescent HIV/AIDS- issues and challenges: Dr. Yogesh Sashikant Marfatia, Professor, Dept

of Skin VD
SSG Hospital & Medical College, Vadodara,
Gujarat (India) (IAS STD AIDS 4)

std clinic in Stanley Medical College hospital,
Chennai, India: S. Nithya priyadarshini, Dr.
J. Balachandar, Dr. B. Vijayalakshmi, Dr. V.
Sivasubramanian, Dr. S. Thilagavathy, India
(IAS STD AIDS 17)

11.30

**Dr. P. S. Ranganathan Memorial Award
Competition**

Chairpersons

- Dr. Dinesh C Govil, Dr. T. Rammanohar Rao
- VDRL Reactivity- A Short Period Study. Sasirekha.S, Aarthi M(PG MD DVL), Prabahar, Mohan, V. Sudha, India (IAS STD AIDS 5)
 - Secondary Syphilis Presenting With Multiple Annular Lesions: M. Prabakaran, P.Mohan, P.Elangovan, V.Sudha, India (IAS STD AIDS 6)
 - Diagnosis of syphilis with New Rapid Specific Test: Thilakavathi Natesan, V. Sudha, Mangalaadhises, S. Vasanthi, India (IAS STD AIDS 7)
 - Study on Incidence of various etiologies of Balanoposthitis in a tertiary level hospital in Chennai: Gopalakrishnan K., V.Senthil Kumar, V. Sivasubramanian, S.Thilagavathy, Chennai, India (IAS STD AIDS 8)
 - Co-infection of syphilis and gonorrhoea in a homosexual male - A rare case report: P. Mohan, P. Elangovan, V.Sudha, India (IAS STD AIDS 9)
 - A case report of congenital syphilis: R. Gurumoorthi, Mohanasundari, P. Elangovan, Dr. V. Sudha: India (IAS STD AIDS 10)

12.30

Lunch

13.30-14.30

**Dr. V. Govindan Nair memorial Award
Competition**

Chairpersons

- Dr. Lt. Col. Nitin S. Walia, Dr. B. Loganathan
- A comparative analysis of VDRL, RPR, and TPHA: Dheepa Manoharan D, Selvi R, Elangovan P India (IAS STD AIDS 11)
 - HIV testing- a late phenomenon: Smriti Naswa, Y. S. Marfatia, India (IAS STD AIDS 12)
 - Rapid progression of genital warts in a diabetic patient and rapid regression following circumcision: V. Balamurugan, S. Arunkumar , P.Elangovan , V.Sudha, India (IAS STD AIDS 13)
 - A study on male homosexual behavior: R.Ramachandran, Saravanan, P.Elangovan , V.Sudha, India (IAS STD AIDS 14)
 - An interesting case of ocular syphilis presenting as unilateral chorioretinitis: Anupama MP, G Leelavathy, P. Mohan, V. Sudha, P. Elangovan, India (IAS STD AIDS 15)
 - Secondary syphilis with protean clinical manifestation – A Case Report: Gopalakrishnan K, R.Selvi, V.Sivasubramanian, S.Thilagavathy, India (IAS STD AIDS 16)
 - Study on incidence of vaginal discharges in

14.30

Guest Lecture

Dr. V. K. Jain , Dr. Dharmaratnam
Sexual health promotion: Thailand perspective:
Dr. Verapol Chandeying (Thailand) (IAS STD
AIDS 18)
Dr. Mohanty Quiz Competition (IAS STD
AIDS 19)
Dr. N. Usman, Dr. V. S.Dorairaj

Chairpersons

15.00-16.00

Chairpersons

Day 2, Thursday, November 3, 2011

Plenary Hall (Capacity: 1285)

08.30-10.00

Plenary Session 1

Chair Persons

**Dr. Hunter Handsfield (USA),
Dr. Mikhail Skerlev (Croatia)**
New Diagnostics: Dr. Charlotte Gaydos,
Professor of Diagnostics Research, Dept of
Clinical Research, London School of Hygiene
and Tropical Medicine, London, UK (Plenary1)
New Epidemiology: Dr. Anne Rompalo,
Professor of Medicine, Perdana University
Graduate School of Medicine, Serdang,
Malaysia and Johns HOPkiins School of
Medicine, Baltimore, U.S.A. (Plenary 2)
New Threats to Treatments: Dr. David Lewis
Centre for HIV and STIs, National Institute
for Communicable Diseases, National Health
Laboratory Service, Johannesburg, South
Africa (Plenary 3)

08.30

09.00

09.30

10.00-10.30

Tea Break

Hall 3

04.30-5.30

IUSTI General assembly

05.30

IAS STD AIDS General Body Meeting

10.30-12.00

Hall 4 (Capacity: 171)

**Symposium 3. FHI/Gates Foundation
sponsored symposium on Avahan Project**

Chairperson

Dr. Bitra George, FHI (India)
STI epidemiology in the SE Asia region and
challenges in STI service provision for key
populations: Dr. Johannes van Dam, Family
Health International, USA (S11)
Community mobilization for improving uptake
of STI services: Dr. Sanjeev Gaikwad, Family
Health International, Aastha, India (S12)
Experience with community mobilization in

Abstract

	<p>promoting STI/clinical services among IDUs: Dr. Collins Z Sono, Project Orchid, EHA, India (S13)</p> <p>Quality of services in Avahan clinics with differing levels of community involvement in promoting STI: Dr. Anjana Das, FHI STI CB, India (S14)</p> <p>Community Involvement in facilitating and promoting STI services in Andhra Pradesh: Dr. Jaya Kumar, TSU (HLFPPT), India (S15)</p>	<p>Chair Persons</p> <p>Dr. P. Janet Say (New Zealand), Dr. P. K. Saraswat (India)</p> <p>Prevalence of Ureaplasma serovars and their antimicrobial susceptibility in patients of infertility and genital tract infections at a tertiary care hospital in India: Dr. Benu Dhawan, India (O1)</p> <p>Are RPR units the new RPR titres? An evaluation of the automated mediace® test for the detection of syphilis antibody levels: Dr. Chris Bourne, Australia (O2)</p> <p>Implementation of rapid tests for prenatal syphilis screening in Peru: The CISNE Project: Dr. Patricia Garcia, Peru (O3)</p> <p>Characterization of Treponema pallidum strains with A2058G and A2059G azithromycin mutations and comparison of subtyping methods: Dr. A. Pillay, USA (O4)</p> <p>International validation of AmpliSens®-Neisseria gonorrhoeae/Chlamydia trachomatis/Mycoplasma genitalium/Trichomonas vaginalis-MultiPrime-FL PCR (Moscow, Russia) to detect Neisseria gonorrhoeae, Chlamydia trachomatis, Mycoplasma genitalium and Trichomonas vaginalis in vaginal samples: Dr. M Domeika, Sweden (O5)</p> <p>Molecular Typing of Treponema pallidum: A Systematic Review and Meta-analysis: Dr. Rui-Rui Peng, China (O6)</p>
13.00-14.15	<p>Symposium 6. Sister Society Symposium: IUSTI-Asia-Pacific</p>	
Chair Persons	<p>Dr. Brian Mulhall (Australia), Dr. Roy Chan (Singapore)</p> <p>Responses to the syphilis epidemic in China: Li-Gang Yang, MD MSc, Consultant Physician, STD Control Department Director, Guangdong Provincial Center for STI & Skin, Diseases Control, No.10 Xian Lie Dong HengjGuangzhou 510500, China (S16)</p> <p>Problems with gonorrhoea in the Region: Dr. HH Tan, National Skin Centre, Singapore (S17)</p> <p>Responses to MSM in Asia: Dr. Roy Chan, Regional Director- IUSTI Asia-Pacific, National Skin Centre, Singapore (S18)</p> <p>Sex and Travel in Australia: Dr. Brian Mulhall, Branch Chair, IUSTI Asia-Pacific, Senior Staff Specialist and Clinical Senior Lecturer, Sexual Health Clinic, Coffs Harbour, Sydney School of Public Health, University of Sydney, Australia. (S19)</p>	
14.15-15.30	<p>Symposium 9. Vulval Diseases</p>	
Chair Persons	<p>Dr. Marc Steben (Canada) Dr. Airi Poder (Estonia),</p> <p>Vulvar diseases in Emerging Countries: Dr. Neerja Bhatla, Professor, Department of Obstetrics and Gynecology, All India Institute of Medical Sciences, New Delhi, India (S20)</p> <p>Infectious vulvar conditions: Dr. Suzanne Garland, Director, Clinical Microbiology & Infectious Diseases and Microbiological Research, RWH, Australia (S21)</p> <p>Precancerous and cancerous vulvar conditions: Dr. Shobha S. Krishnan, Global Initiative Against HPV and Cervical Cancer(GIAHC), India (S22)</p> <p>Non-infectious vulvar conditions: Dr. Marc Steben, Medical director, Clinique A, Montréal, Canada (S23)</p>	
15.30-16.00	<p>Tea Break</p>	
16.00-17.30	<p>Oral Session 1. Laboratory Science</p>	<p>Hall 5 (Capacity: 263)</p> <p>10.30-12.00</p> <p>Symposium 4. AIDS Society of India Symposium</p> <p>Chair Persons</p> <p>Dr. Ishwar Gilada (India), Dr. Tapan Dhole (India)</p> <p>Clinical Profile of HIV: Dr. Janak Maniar, Mumbai, India (S24)</p> <p>Why Talk About Tuberculosis at the STI Conference?: Dr. Peter Small, Senior Program Officer, TB Bill and Melinda Gates Foundation (India/USA) (S25)</p> <p>ART management and Treatment Guidelines: Dr. Keyur Shah (India)(S26)</p> <p>ART toxicities and Drug interaction: Dr. Rahul Mishra (India) (S27)</p> <p>Interaction</p> <p>Debate: Asymptomatic HIV infection - Timing of treatment. Immediate versus Delayed</p> <p>Moderator: Dr. Janak Maniar (India)</p> <p>For: Dr. S- Joseph Wincelhaus FRCOG; FRCP, Consulting GUM/HIV physician, UK (S28)</p> <p>Against: Dr. I.S. Gilada (India) (S29)</p>
		<p>12.00-13.00</p> <p>Lunch</p>

13.00-14.15	Symposium 7. New Findings on Women's Sexual/Reproductive Health	STI Prevalence among Female Sex Workers Following a Targeted HIV Prevention Program in Karnataka, South India: Dr. Stephen Moses (Canada) (O10)
Chair Persons	<p data-bbox="337 243 573 300">Dr. Janet Wilson (UK), Dr. Gurdeep Singh (UK)</p> <p data-bbox="337 310 784 464">Sexual health for women in lower and middle income countries - challenges and opportunities: Dr Nina von Knorring, Wits Reproductive Health and HIV Institute, Johannesburg, South Africa (S30)</p> <p data-bbox="337 474 784 627">Unraveling the enigma: New Findings and Bacterial Vaginosis: Dr Purnima Madhivanan, Department of Epidemiology, Robert Stempel College of Public Health & Social Work, Florida International University, USA (S31)</p> <p data-bbox="337 638 784 751">Genital tract infections and preterm birth: Dr Janet Wilson, Centre for Sexual Health, The General Infirmary at Leeds, UK14.15-15.30: Ethical issues in STIs (S32)</p>	<p data-bbox="1029 289 1482 569">Service delivery uptake and Sexually Transmitted Infections among Female Sex Workers and High-risk Men who have Sex with Men in a large scale HIV prevention program in India: Dr. Parthasarathy Mugundu (India) (O11)</p> <p data-bbox="1029 453 1482 569">Building STI syndrome surveillance mechanisms amongst Men who have Sex with Men: the way forward in resource constrained settings: Dr. Anup Gurung (India) (O12)</p>
13.00-14.15	Symposium 10. Ethical Issues in STI	Hall 6 (Capacity: 378) 10.30-12.00 Symposium 5. What is new in Global Health: Integration, Implementation
Chair Persons	<p data-bbox="337 846 630 903">Dr. Simon Barton (UK), Dr. Basil Donovan (Australia)</p> <p data-bbox="337 913 784 999">Faculty: Dr. Marco Cusini and Dr. Misha Gomborg, Dr. Simon Barton, Dr. Basil Donovan (S33-S36)</p> <p data-bbox="337 1010 784 1035">The subjects to be covered include</p> <ul data-bbox="337 1045 784 1318" style="list-style-type: none"> <li data-bbox="337 1045 784 1102">• The principle of absolute confidentiality; does it exist? <li data-bbox="337 1113 784 1169">• Transmission of HIV – legal vs ethical perspective <li data-bbox="337 1180 784 1257">• Managing patients with STIs who conceal diagnoses from a partner who you also care for <li data-bbox="337 1268 784 1318">• Testing for HIV and STIs – who needs consent to save a life? 	Chair Persons Dr. Kevin Fenton (USA), Dr. M. Alray (Canada) 12.00-13.00 Lunch
15.30-16.00	Tea Break	13.00-14.15 Symposium 8. New issues and Task Shifting with POC tests for STIs
16.00-17.30	Oral Session 2. Epidemiology: Sex Workers and Other High Risk Groups	Chair Persons Dr. Charlotte Gaydos (USA), Dr. Magnus Unemo (Sweden) <p data-bbox="1029 1045 1482 1234">What is new in POC tests for STIs?-Can we treat more STIs with POC tests?: Dr. Charlotte A. Gaydos, Professor, Div Infectious Disease, Medicine, Johns Hopkins University, Division of Infectious Diseases, Medicine, Baltimore, MD 21205, USA (S37)</p> <p data-bbox="1029 1245 1482 1493">New approaches to meet the public health challenges with emergence of untreatable gonorrhoea are crucial!: Dr. Magnus Unemo, WHO Collaborator; Swedish Reference Laboratory for Pathogenic Neisseria, Department of Laboratory Medicine, Microbiology, Örebro University Hospital, Örebro, Sweden (S38)</p> <p data-bbox="1029 1503 1482 1719">Shifting the task of STI testing to the patient: The T. vaginalis example: Dr. Jill Huppert, Associate Professor of OB/GYN and Pediatrics, Cincinnati Children's Hospital Medical Center, Division of Pediatric and Adolescent Gynecology, 3333 Burnet Avenue, ML 4000, Cincinnati, OH 45229-3039, USA (S39)</p> <p data-bbox="1029 1730 1482 1850">Chlamydia Diagnosis in Women: the Winner is...: Dr. Angelika Stary, Outpatient's Center for Diagnosis of Infectious Venerodermatological Diseases, Vienna, Austria (S40)</p> <p data-bbox="1029 1860 1482 1944">Detecting STIs in men: POC testing for Urethritis vs NAATs: Dr Patrick Horner, Consultant Senior Lecturer, Bristol, UK (S41)</p>
Chair Persons	<p data-bbox="337 1505 610 1562">Dr. Patricia J Garcia (Peru), Dr. Sjaiful Daili (Indonesia)</p> <p data-bbox="337 1572 784 1659">Burden of multiple sexually transmitted infections and associated risk factors among female sex workers in India: Dr. Arun Risbud (India) (O7)</p> <p data-bbox="337 1669 784 1789">Scaling Up FSW Community Outreach And Services Through Community Friendly Micro-Planning Tools: An Experience From Southern India: Dr. Joseph Francis Munjattu (India) (O8)</p> <p data-bbox="337 1799 784 1919">Predictors of HIV sero-conversions among female sex workers and Men-who-have-sex-with-Men in Andhra Pradesh, India: Dr. Laxminarayan Proddutoor (India) (O9)</p> <p data-bbox="337 1929 784 1944">Increased Condom Use and Decreased HIV and</p>	

14.15-15.30		Day 3, Friday, November 4, 2011	
	Symposium 11. New developments in Clinical Issues in STIs	Plenary Hall (Capacity: 1285)	
Chair Persons	Raj Patel (U.K.), A.J. Kanwar (India) Mycoplasmas- diagnosis and relevance to therapy choice: Dr. Jonathan Ross , Professor of Sexual health and HIV, Department of GU Medicine, Whittall Street, Birmingham, B4 6DH, UK. (S42) Controversies in the management of syphilis: Michel Janier Associate Professor Dermatology-Venereology, STD Clinic, Hopital Saint-Louis, 42 rue Bichat, 75010 Paris, France. (S43) Controversies in the management of Genital HSV Infections: Raj Patel, Genito Urinary Medicine, The Royal South Hants Hospital, Brintons Terrace, Southampton SO14 OYG, UK (S44)	08.30-10.00	Plenary Session 2.
		Chair Persons	Dr. Brian Mulhall (Australia), Dr Manjula Lusti-Narasimhan (WHO, Geneva) Evolution of Infectious Agents in Relation to Sex: Magnus Unemo, Sweden (Plenary 4) A Renaissance in AIDS Vaccine Development: Dr Rajat Goyal, India (Plenary 5) Sexual Reproductive Health Programs: Dr. Johannes Van dam, Family Health International, USA (Plenary 6)
		10.00-10.30	Tea Break
		Hall 4 (Capacity: 171)	
		10.30-12.00	mHealth: Challenges and Opportunities for Improving Sexual Health
		Chair Persons	Dr. Bob Bollinger (USA), Dr. Sanjay M. Mehendale (India) "mHealth for Patients: PID Prevention and Care: Dr. Maria Trent, Associate Professor of Pediatrics, Division of General Pediatrics and Adolescent Medicine, Johns Hopkins School of Medicine, 200 N. Wolfe Street, #2064, Baltimore, MD 21287, USA (S45) mHealth for Providers: HIV Prevention and Care: Dr. Bob Bollinger, Professor of Infectious Diseases and International Health, Director, Hopkins Center for Clinical Global Health Education, Johns Hopkins University, Baltimore, Maryland, USA (S46) mHealth Panel Discussion /Q & A: Dr. Maria Trent and Dr. Bob Bollinger
15.30-16.00	Tea Break		
16.00-17.30	Oral session 3. Bacterial STI		
Chair Perosns	Dr. Lew Drusin (USA), Dr. Jayadev Betkerur (India) Identification of a Neisseria gonorrhoeae Population Susceptible to Antibiotics Traditionally Used to Treat Gonococcal Infections: Will Regional Control Strategies Be Relevant?: Dr. S.D. Thakur, Canada (O13) U.S. Department of Defense (DoD) <i>N. gonorrhoeae</i> (GC) Global Resistance Surveillance Network: Dr. Jose L. Sanchez, USA (O14) Quality assurance of the contact tracing success rate of partner notification in Chlamydia trachomatis cases at youth-health centers in Uppsala County, Sweden: Dr. Johan Hedlund, Sweden (O15) Prevalence and genetic characteristics of TEM genes and their carrying β -lactamase plasmids in Neisseria gonorrhoeae cultured in 2000-2011 in 15 countries in the WHO European, American, African, South-East Asian and Western Pacific regions: Dr. Magnus Unemo, Sweden (O16) Mutations in gyr A, par C & MtrRCDE efflux system in Quinolone resistant Neisseria gonorrhoeae in India: Dr. Sangeeta Kulkarni, India (O17) Clinician Perspectives on Management of Adolescents with Pelvic Inflammatory Disease: Dr. Maria Trent, USA (O18)	13.00-14.15	Oral Session 4. Clinical Science
		Chair Persons	Dr. Janet Say (New Zealand), Dr. Suresh Talwar (India) The use of benzydamine and nitrofuratel with nystatin in treatment of acute vulvovaginitis: Dr. Pavel Suska, Slovak Republic (O19) Sexual Assault victims- Are we following the recommended guidance from BASSH at 1st presentation? Dr. Meena Gupta, UK (O20) Meta-analysis of Intra-Uterine Insemination and Assisted Reproductive Technology in the HIV affected population: Dr. Arti Barnes, USA (O21) New antivirals for Hepatitis C: Impact on HIV HCV co-infection-A review: Dr. Prasad Velisetty, UK (O22) Uma Chaudhry (O23)
Exhibition Hall	Poster Session 1. Public health and Epidemiology	14.15-15.30	Oral Session 5. Viral STIs and HIV

Chair Persons	<p>Airi Poder (Estonia), Mikhail Gomberg (Russia) Prevalence and genotype distribution of human papillomavirus among female sex workers in Guangxi, China: implications for interventions: Dr. Min Li, China (O24)</p> <p>Predictors of HIV incidence by transmission mode in Spain, 2000-2009: Dr. Mercedes Diez, Spain (O25)</p> <p>Assessment of female sex workers FSWs reluctance to share information on their HIV positive status with their private sexual partners: case of the FSWs cohort of the Sexually Transmitted Diseases Dispensary DIST of Cotonou, Benin: Dr. Azonnadou Odette, Benin (O26)</p> <p>Intensified Case Finding: An Innovative Programme to Provide High Risk Households with Home-based TB & HIV Screening, Treatment and Care: Dr. Catherine Searle, South Africa (O27)</p> <p>Condom Use and HIV testing in Soweto: What Influence Does Perception of HIV Risk Have?: Dr. Sakhile Mhlongo, South Africa (O28)</p> <p>HIV and HSV-2 among clients of female sex workers in Bagalkot district, Karnataka, south India: Dr. Rajaram S., India (O29)</p>	Chairpersons	<p>Dr. Keith Radcliffe (BASHH President), Dr. Elizabeth Foley (UK) Setting standards for the management of sexually transmitted Infections: Dr. Immy Ahmed, Consultant Physician, Nottingham University Hospitals NHS Trust, UK. (S47)</p> <p>The natural history of the chlamydia screening programme in England - the development, growth, and transformation of an intervention: Dr. Jan Clarke. Consultant Physician, Leeds General Infirmary, UK. (S48)</p> <p>Increasing the uptake of HIV testing outside sexual health settings: Dr. Simon Barton. Consultant Physician, Chelsea and Westminster NHS Foundation Trust, London, UK. (S49)</p> <p>National health service reform and the opportunities and challenges for quality of STI care : Dr. Andrea Duncan. Programme Manager. Sexual Health and HIV. Department of Health, London, UK. (S50)</p>
15.30-16.00	Tea Break	13.00-14.15	<p>Symposium 15. Sister society Symposium. American Sexually Transmitted Diseases Association (ASTDA). American Social Health Association (ASHA).</p>
16.00-17.00	Oral Session 6: Sexual health	Chair Person	Dr. Deborah Arrindell (USA)
Chair Persons	<p>Dr. Aïssatou Gaye-Diallo (Sénégal), Usha Gupta (India) Eastern European Network for Sexual and Reproductive Health (EE SRH) – collaborative effort to optimize the management of sexually transmitted infections (STIs) – progress report: Dr. M Domeika, Sweden (O30)</p> <p>National Guidelines for Management of STI/RTI: Enhancing Convergence between Sexual & Reproductive Health and HIV/AIDS Programmes in India: Dr. Sanjay Chauhan, India (O31)</p> <p>He was happy about using [the female condom] and the sex was much more fun" The role of sexual satisfaction in promoting the female condom: Dr. Joanne E. Mantell, South Africa (O32)</p> <p>Australia, India and Beyond: An innovative partnership to develop a Professional Program in STIs and HIV: Dr. Ooi C, Australia (O33)</p>	14.15-15.30	<p>Overview and Current Issues in HPV Infection and Prevention: Dr. Anne Rompalo, Professor of Medicine, Perdana University Graduate School of Medicine, Serdang, Malaysia and Johns HOPkiins School of Medicine, Baltimore, U.S.A.(S51)</p> <p>HPV-HIV interaction in the female genital tract: Dr. Patti E. Gravitt, PhD, MS, Vice Dean-Research, Perdana University Graduate School of Medicine, Serdang, Malaysia, and Associate Professor, Department of Epidemiology, Johns Hopkins Bloomberg School of Public Health, Baltimore, MD, USA (S52)</p> <p>Prevention of genital HPV infection and its consequences: A lifespan developmental perspective: Dr. J. Dennis Fortenberry, MD, MS, Professor of Pediatrics, Indiana University, Indianapolis, IN, USA (S53)</p>
Hall 5 (Capacity: 263)	Symposium 13. Sister society Symposium. British Association of Sexual Health and HIV (BASHH)	Chair Persons	Debashis Mandal (UK)
10.30-12.00	Symposium 13. Sister society Symposium. British Association of Sexual Health and HIV (BASHH)	Dr. Yaw Adu-Sarkodie (Ghana)	<p>Sex workers intervention policies and program- the present and the evolving trend : Dr. Samarjit Jana, Kolkata, India (S54)</p> <p>Sex work in legal and illegal systems community perspective: Dr. Basil Donovan, The Kirby Institute, University of New South Wales, Sydney, Australia. (S55)</p>

	Dr. Darren Russell, Cairns Sexual Health Service, Queensland, Australia, James Cook University, Queensland, Australia, Melbourne University, Victoria, Australia (S56)	A Nurse-led STI Management Programme for HIV Prevention in Manipur and Nagaland, Northeast India: Dr Collins Z Sono, Ms Amenla Nuken, Dr Matthew Reeve, Ms Nandini Pillai, Dr B Langkham, Dr Michelle Kermodé(S62)
15.30-16.00	Tea Break	Association between Community Mobilization Interventions and Utilization of STI Services by Female Sex Workers in Andhra Pradesh, India: P.Prabhakar, Ram Manohar Mishra, Saroj Tucker, India HIV AIDS Alliance, Hyderabad, India, Population Council, New Delhi, India (S63)
16.00-17.00	Oral session 7: Gonorrhoea and Chlamydia	The Impact of Community Mobilisation on Collective Identity and Agency among Female Sex Workers: a Propensity Score Analysis using Integrated Behavioral and Biological Assessment (IBBA-II) in Tamil Nadu and Maharashtra: Dr. Tarun Bhatnagar, National Institute for Epidemiology (ICMR), Suvarna Sane, Sheela Godbole, Saravanamurthy, Shalini Bharat, Martine Collumbien (S64)
Chair Persons	Dr. Kamal Faour (UAE), Dr. Chavalit (Thailand) Trends for gonorrhoea and syphilis incidence rates in Russian Federation, 1990-2010. Dr. M.A. Kaspirovich, Russia (O34) Predictors of symptomatic gonorrhoea and Chlamydia infection among female sex workers in India: Dr. Prabhakar Parimi, India (O35) Urogenital Chlamydia trachomatis genotypes among high-risk men in eastern and southern China: Dr. Yueping Yin, China (O36) Chlamydia trachomatis infection in HIV infected women: need for screening by a sensitive and specific test: Dr. Preena Bhalla, India (O37)	Prevalence and Correlates of Repeat STI among Female Sex Workers in Latur and Beed Districts of Maharashtra: Rohit Koul, Darshana Vyas, Rohan Deshpande, Khurshid Bhalla, Pathfinder International (S65) Multi-Level Analysis of the Predictors of HIV Prevalence among Pregnant Women Enrolled in Sentinel Surveillance in Four Southern India States: Usha K Thamattoor, Tinku Thomas, Pradeep Banandur, Rajaram S, Thierry Duchesne, Belkacem Abdous, Reynold Washington, B M Ramesh, Stephen Moses, Michel Alary, St John's Research Institute, Bangalore, India, Charme II Project, India, Rajarajeswari Medical College, Bangalore, India, Karnataka Health Promotion Trust, Bangalore, India, Centre hospitalier affilié universitaire de Québec, Québec, Canada, University of Manitoba, Winnipeg, Canada (S66) Is HIV Prevalence Declining in Southern India?: Evidence From Two Rounds of General Population Surveys in Bagalkot District, Karnataka: Rajaram S, Bradley JE, Ramesh BM, Isac S, Washington RG, Moses S, Blanchard JF, Becker M, Alary M, CHARME-India Project, Bangalore; India, Centre hospitalier affilié universitaire de Québec, Canada, Karnataka Health Promotion Trust, Bangalore, India; University of Manitoba, Winnipeg, Canada. (S67) Increase in HIV Prevalence among FSW in Mumbai and Thane as Observed in the Integrated Behavioral and Biological Assessment Round I (IBBA-I): Understanding
Hall 6 (Capacity: 378)		
10.30-12.00	Symposium 14. Sponsored Symposium. World Health Organization (WHO)	
Chair Persons	Dr. Manju Bala (India), Dr. David Lewis (South Africa) Preventing STIs and gonococcal infection: Dr. Iyanthi Abeyewickreme, WHO/SEARO (S57) Chronically underfunded STI services: Dr. Manjula Lusti-Narasimhan, WHO/HQ (S58) Roundtable discussion: WHO gonococcal antimicrobial susceptibility surveillance programme (GASP): Dr. Jo-Anne Dillon, Canada, Dr. Magnus Unemo, Sweden, Dr. Manju Bala, India, Dr. Monica Lahra, Australia, Dr. David Lewis, South Africa) (S59)	
13.00-15.30	Symposium 16. Sponsored Symposium jointly sponsored by the Knowledge Network Project and the HIV Synthesis Consortium: HIV and STIs in Southern and Northeast India Epidemiologic Trends and Programmatic Learnings	
Chair Person	Dr.Sunil D. Khaparde, NACO, India Saturated Coverage of HRG with Clinical Services: a Novel Approach in the National Programme: Dr. Aman Kumar, National AIDS Control Organisation, New Delhi, India (S60) Clinical Approach to STI Management: Experiences of TAI/SESA Clinics in Tamil Nadu: Dr. Lakshmi Bai Rathna, Tamil Nadu AIDS Initiative, Chennai, India (S61)	

Contextual Realities: Dr. Mandar Mainkar, National AIDS Research Institute (ICMR), Abhishek Gautam, Lakshmi Ramakrishnan, Shalini Bharat, Sheela Godbole, Sucheta Despande, Deepak Suryawanshi, Mohua Guha, Suvarna Sane, Prabuddhagopal Goswami, Ramesh Paranjape, Martine Collumbien (S68)

2012: Antalya, Turkey, Dr. Deniz Gökengin
2012: Melbourne, Australia: Dr. Basil Donovan
2013: Vienna, Austria, 2013: Dr. Angelika Stary

15.30-16.00

Tea Break

16.00-17.00

Oral Session 8: Epidemiology & Public Health**Chair Persons**

Dr. David Barlow (UK)Dr. H.K. Kar (India)
Sexually Transmitted Infection prevention health seeking behaviour among HIV positive High risk groups in State of Andhra Pradesh: Dr. Sony Agarwal, India (O38)
Men who have Sex with Men who inject drugs: Are they at higher risk of sexually transmissible infections?: Dr. Anna McNulty, Australia (O39)
Sexual health screening for Sex Workers in brothels and flats in inner London- a review of a new service: Dr. Gregory King, UK (O40)
Assessment of the population-level impact of Avahan in Karnataka state, India, using multilevel statistical modelling techniques: Dr. Pradeep Banandur, India (O41)

Exhibition Hall

05.00-06.00

Poster Session 2. Clinical Science, Basic Science, and Other**Day 4, Saturday, November 5, 2011****Plenary Hall (Capacity: 1285)**

09.00-10.00

Plenary Session 3**Chair Persons**

Dr. Angelika Stary (Austria), Dr. Basil Donovan (Australia)

08.30-09.00

Information Technology and STIs/HIV in developing countries: Dr. Patricia J. Garcia, School of Public Health and Administration, Universidad Peruana Cayetano Heredia, Lima, Peru (Plenary7)

09.00-09.30

Sexual health for Individuals, for Nations: Dr. Kevin Fenton, CDC, USA (Plenary 8)

09.30-10.00

What are next research and leadership priorities needed to optimize sexual health?: Dr. John Douglas, CDC, USA (Plenary 9)

10.00-10.30

Tea Break

12:00-13:00

Key Note Lecture with Closing Progress, Reversals, and Future Priorities in STI/HIV Control: Prof. King Holmes, Department of Global Health & Center for AIDS (KN2)

13.00-13.15

Invitation for forthcoming Congresses:

Hall 4 (Capacity: 171)

10.30-12.00

Chair persons**Symposium 18. Sexual Reproductive Health for Different Sexual Orientation Populations**

Dr. Darren Russell, Australia, Dr. Immy Ahemed,UK

Sexual and reproductive health in prison populations: Dr. Basil Donovan, Australia (S69)
Sexual and reproductive health in Transgender populations: Dr. Darren Russell, Australia (S70)
Sexual and reproductive health in MSM population: Dr. Roy Chan, Singapore (S71)

Hall 5 (Capacity: 263)

10.30-12.00

Chair Persons**Symposium 19. Global Experiences with Implementing Sexual Health: Emerging Lessons and Future Directions**

Dr. John Douglas (CDC-US), Dr. Kevin Fenton(CDC-US)

Opening Comments: Dr. Kevin Fenton (S72)
Sexual Health issues in Trans Genders: Dr. Janet Wilson, New Zealand
Dr. Basil Donovan, The Kirby Institute, University of New South Wales, Sydney, Australia (S74)
Sexually Transmitted Diseases Occurring after an HIV Diagnosis: the Importance of Sexual Health Discussions in the Clinical Setting (USA): Duffus, Wayne A, South Carolina Department of Health and Environmental Control, Columbia, SC, USA (S75)
Moderated interactive Panel Discussion (S76)
Closing Comments: Dr. John Douglas, CDC, USA (S77)

Hall 6 (Capacity: 378)

10:30-12:00

Chair persons**Co-Chairs:****Symposium 20. Sponsored Symposium by National AIDS Control Organization (NACO)-India.**

Dr. King K. Holmes (USA)
Chair persons Dr. Venkataesh, Dr. Saukat, Dr. Suresh Mohammad

Opening Remarks: Secretary and Director General National AIDS Control Organization, India (S78)

Overview of STI Program under NACP: Additional Secretary NACO (S79)

Diversity of HIV/STI/RTI epidemic in India: Dr. D. C. Reddy (S80)

National STI/RTI control and prevention programme achievements: Dr. Shobini Rajan (S81)

Sexual and Reproductive Health and HIV linkages:- gaps and challenges at different level: Dr. S.D. Khaparde (S82)

Chair Person**Dr. Shiv Lal**

Panel discussion on what should be the next steps for STI/RTI prevention in India: Dr. Shashikant, Dr. Sanjay Zodpey, Dr. N. Usman, Dr. S.D. Khaparde, Dr. Anjana Das, Dr. Gangakhedkar, Dr. Rajan Khopagarde, Rapporteur Dr. T.L.N. Prasad (S83)
Closing remarks (S84)

Abstract

- sexually transmitted infections in the Apex STI centre of India:2008-2010: *Manju Bala, New Delhi, India*
- P23 Important reduction of the HIV prevalence among pregnant women in rural India: *Manoranjan Midde, Department of Infectious Diseases, Bathalapalli Rural Development Trust Hospital, India*
- P24 Sexually Transmitted Infections (STIs), HIV status and demographic data on women presenting for termination of pregnancy (top) in South Africa: *Marcelle le Roux Department of microbiological pathology, university of Limpopo,(Medunsa campus), South Africa*
- P25 STI and HIV in Ukraine: The role of vulnerable population groups : *Mavrov G.I., Ukraine*
- P26 Oral manifestations among 500 HIV positive patients in a tertiary care teaching hospital in south India: *Mithuna M. Narayanaswamy, Govt. Medical College Hospital Vijayanagar Institute Of Medical Sciences, Bellary, India*
- P27 Hair and nail changes in HIV positive patients: A case series from a tertiary care centre in south India: *Mithuna M.Narayanaswamy, Govt. Medical College Hospital Vijayanagar Institute Of Medical Sciences, Bellary, India*
- P28 To assess the risk factors for HIV infection among male sex male workers in coastal Andhra Pradesh: *Nithesh kumar karlapudi, dentistry, Gandhi General Hospital, India*
- P29 The Prevalence of High Risk and Low Risk HPV among Transgenders and its Distribution According to Sexual Behavior (Study at Indonesian Planned Parenthood Association Clinic, Jakarta) *NH Susanti, Dermatovenereology Departement, Medical Faculty, University of Indonesia, Jakarta,Indonesia*
- P30 Risk factors for HIV seroconversion among high risk population in Andhra Pradesh, India: *Prabhakar Parimi, India HIV AIDS Alliance, India*
- P31 Prevalence of HIV infection in herpes zoster with Clinical comparison in HIV-infected and non-HIV infected patients: *Rajat Gupta, Pramukhswami Medical College, Karamsad, India*
- P32 Investigating the Critical Programme Components of HIV Prevention Programme among MSM-Ts in Bangalore, Karnataka: *Ravi Prakash, Karnataka Health Promotion Trust/ University of Manitoba, India*
- P33 STI trend in a rural based tertiary care centre : A 2 year study: *Rita Vora, Pramukhswami Medical College, karamsad, India*
- P34 Pattern of Viral Sexually Transmitted Infections among PLWHA in Ibadan, Nigeria: *Samuel Adetona Fayemiwo, College of Medicine , University of Ibadan , Ibadan , Nigeria*
- P35 Seroprevalence of Hepatitis B Virus among Key Populations in Andhra Pradesh: *Saroj Tucker, India HIV/AIDS Alliance, Andhra Pradesh, Hyderabad, India*
- P36 Co-infection of HBV and HCV with HIV infection Institute of Medical Sciences, Banaras Hindu University: *Satyendra Kumar Singh, Banaras, India*
- P37 Condom use among HIV positive female sex workers: implications for positive prevention strategies: *Shajy Isac, Karnataka Health Promotion Trust/University of Manitoba, India*
- P38 Rural Epidemiology of HIV Positive Patients from Ujjain, M.P.: *Shruti Bajad, R.D.Gardi Medical College, Ujjain , MP, India*
- P39 Changing epidemiology of sexually transmitted infections: Call for new strategies against the increase in Chlamydia infection in Sweden: *Staffan P.E. Sylvan, Sweden*
- P40 Changing trends in HIV infections - A short period study: *Sudha Viswanath, Director and Professor, Institute of Venereology. Madras Medical College, Chennai, India*
- P41 Hepatitis B, Hepatitis C and HIV Co-Infection in Mainland China: A Meta-Analysis: *Ting Dai, National Center for STD Control, Chinese Academy of Medical Sciences and Peking Union Medical College, Nanjing 210042, China*
- P42 Does Increase uptake of National Chlamydia screening programme have an effect on Pelvic Inflammatory Disease diagnosis?: *Ummul Zaidi, James Paget University Hospital, Great Britain*
- P43 Factors effecting HIV testing at different time points in Karnataka: *Usha K Thamattoor, St John's Research Institute, Bangalore, India*
- P44 Profile of HIV Seroconcordant/discordant couples- A clinic based study at Vadodara, India: *Yogesh S Marfatia, Professor, Department of Skin VD, Government Medical College, Vadodara, India*
- P45 Epidemiological changes of syphilis in the northern part of Serbia: *Zoran Golusin, Clinical Center of Vojvodina, Clinic for Dermatovenereological diseases, Novi Sad, Serbia*
- P46 Prevalence of STI & HIV among the long distance Truck Drivers, passing through National Highway No.6 Mumbai-Kolkata via Nagpur, Central India: *Dr. V. R. Shegokar, Government Medical College ,Nagpur, India*
- P47 Prevalence of sexually transmitted infections in HIV positive cases: A 1 year study: *Dipali*

Malvankar, Dept of Skin STD and Leprosy,
Bangalore Medical College and Research
Institute, Bangalore, India

Track Public Health, November 2-3, 2011

- P48 The teenage pregnancy Clinic: *T. Randhawa, S. Sulaiman, Kandang Kerbau Women's and Children's hospital*
- P49 Prevalence of STIs among men complaining of urethral discharge and GC AMR in Morocco: *Amina Hancali, Ministry of Health/ National Institute of Hygiene, Morocco*
- P50 Which Men who have Sex with Men test for STIs at a Mardi Gras testing tent?: *Anna McNulty, Sydney Sexual Health Centre, Australia*
- P51 A study for sexual health awareness in adolescent population 13-18 years attending dermatology OPD: *Atul Giri, Tn Medical College and Byl Nair Hospital, India*
- P52 Do soliciting clients through cell phone increase the risk of HIV among female sex workers in India?: *Bidhubhusan Mahapatra, Population Council, India*
- P53 Changes in attitude and sexual behaviour attributed to hiv prevention interventions among commercial sex workers in Abuja Nigeria.: *Chukwudera Bridget Okeke, University of Manchester United Kingdom/ Center for the Right to Health, UK*
- P54 Comparative analysis of STI Syndromes in Street based and home based sex workers in Andhra Pradesh: *Deepa Haritha Velpula, India HIV/AIDS Alliance, India*
- P55 "What the "Powerful others" can do: The participatory role effect of some major stakeholders in HIV/AIDS Control Program in Ghana: *Ebenezer Koomson, Ghana*
- P56 Associating HIV service provision with the domain of focused antenatal care: Creating the necessary demand in peoples' minds: *Ebenezer Koomson, Ghana Health Service, HIV Unit, Cape Coast, Ghana, Nurses' Training School-Cape Coast, Ghana.*
- P57 Factors associated with STD health seeking behavior among adolescents ages 10-19 in Uganda: *Frederick Mubiru, Makerere University, Kampala, Uganda*
- P59 Attitude of Ante-natal women towards HIV counselling and Testing a study of Ante-Natal women in Ekwulioba General Hospital Anambra State, Nigeria: *Ifeanyi Demetrius Okeke, Marget Market Sanitation and Health Foundation, Nigeria*
- P60 Rolling out new point of care tests for antenatal syphilis diagnosis in Indonesia: *Irawan Kosasih, Indonesian Association against Tuberculosis, Indonesia*
- P61 Social portrait of pregnant women with syphilitic infection in Belarus: *Iryna Tsikhanouskaya, Vitebsk State Medical University, Belarus*
- P62 Why do condoms break? A study of female sex workers in south India: *Janet Bradley, CHARME Project, Laval University, India*
- P63 Directing the Traffic: Health Systems Navigation to Promote HIV and Reproductive Health Service Integration and Referral in eThekweni, South Africa: *Jennifer Smit, MatCH Maternal, Adolescent and Child Health, University of the Witwatersrand, South Africa*
- P64 Mapping men having sex with men and transgenders MSM-T in Bangalore Rural District, India: *John Anthony, Karnataka Health Promotion Trust, India*
- P65 Fighting HIV and other sexually transmissible infections in Swiss prisons: *Karen Klaue, Swiss Federal Office of Public Health, Switzerland*
- P66 Double condom use among Female Sex Workers in two Districts of Maharashtra: *Ketan Pawar, Technical Support Unit, Avert Society, India*
- P67 Psychological factors associated with certain behaviors on sexual and romantic relationship seen in people living with HIV/AIDS at the center of care CRIPS- TOGO in Lome: *Komivi Mawusi AHO, Centre de recherches et d'informations pour la, Togo*
- P68 Dialogue with sex workers - Internal examination for management of STDs: *Lakshmibai Rathna, Tamil Nadu AIDS Initiative, India*
- P69 Review of genital biopsies in a Genito Urinary Medicine GUM clinic. Are they necessary?: *Malini Raychaudhuri Cardiff Royal Infirmary, England*
- P70 Cost-effectiveness of alternative service delivery models for prevention and control of STIs in key populations at higher risk in India: *Manish Ranjan, FHI (Family Health International), India; 2. Public Health Consultant, S.Korea; 3. FHI (Family Health International), USA*
- P71 Awareness about sexually transmitted infections and reproductive tract infections among married women in rural areas of Medak District, Andhra Pradesh: *Manoj Aravind, Osmania Medical College, India*
- P72 Gender differences in factors associated with having HIV infection among people who attended the outpatient clinics of a district

Abstract

- P96 First reported Lymphogranuloma venereum (LGV) Cases in South Florida: *Jose Castro, University of Miami Miller School of Medicine, United States*
- Track: Basic Science, November 4-5, 2011**
- P97 Detection, Genotyping and Viral Load of Human Papillomavirus in External Anogenital Warts with and without clinical resolution with immunotherapy: *Pankaj Kumar, All India Institute of Medical Sciences, New Delhi, India*
- P98 Electrochemical DNA biosensor based detection of genomic DNA of *N. gonorrhoeae*: *Rachna Verma, Department of Microbiology, AIIMS, New Delhi, India*
- P100 Measuring the Effectiveness of Community Empowerment on Better Programme Response in Karnataka: *Ravi Prakash, Karnataka Health Promotion Trust KHPT, IT Park, Rajajinagar Industrial Area, Bangalore, India*
- P101: Determinants of Condom Use Among Unmarried Persons Age 15-24 Years in Boy / Girl Friend Relationship in Nigeria: Evidence from National HIV&AIDS and Reproductive Health Survey (NARHS): *Onoriode Ezire, Society for Family Health, Nigeria 8, Port Harcourt Crescent, Off Gimbiya Street, Abuja, Nigeria*
- P102 Analysis of point mutations in various genes responsible for penicillin resistance in *Neisseria gonorrhoeae*. *Divya Sachdev, India*
- P103 Nonhuman Primate Model for Mucosal Transmission and Vaccine Studies: *Krishna K. Murthy, Department of Virology and Immunology, Texas Biomedical Research Institute, San Antonio, TX, USA*
- P104 Novel HIV assay for monitoring ART in limited resource settings: *O. Gandelman, UK*
- P105 Functional Annotation of Hypothetical Proteins of *Chlamydia trachomatis*: *Prashant Kumar Mishra, India, Dr. B.R. Ambedkar Center for Biomedical Research, University of Delhi, Delhi*
- P106 Isolation, purification and characterization of low molecular weight antimicrobial peptides from human female reproductive tract: *Sunil Sethi, Department of Microbiology, PGIMER, Chandigarh, India*
- Track: Clinical Science, November 4-5, 2011**
- P107 *Neisseria gonorrhoeae* antimicrobial susceptibility survey among men with urethral discharge in Harare, Zimbabwe: *Anna Machiha, Ministry of Health and Child Welfare, Zimbabwe*
- P108 Aetiology of urethritis in symptomatic and asymptomatic men attending a private practitioner clinic in South Africa: *Anwar Hoosen, University of Pretoria, South Africa*
- P109 Reiter's syndrome in association with HIV infection: report of three cases: *Aparna Palit, Sri B.M.Patil Medical College, Hospital & Research Center, BLDE University, India*
- P110 Donovanosis- the journey towards extinction?: *Ashok Ghorpade, J.L.N Hospital & Research centre, Bhilai Steel Plant, Bhilai, India*
- P111 HIV / AIDS and armed forces: *Ashok Kumar Jaiswal, Vydehi Institute of Medical Sciences and Research Centre, India*
- P112 Study of mucocutaneous manifestations in HIV/AIDS and their relation to total lymphocyte count: *Ashwini PK, JSS medical college, India*
- P113 Investigation of the levels of oxidative stress parameters in HIV and HIV-TB co-infected patients: *Awodele Olufunsho, Department of Pharmacology, College of Medicine, University of Lagos, Nigeria*
- P114 Hepatoprotective role of Neutrosec on hepatic damage induced by combination of Zidovudine and combined anti-Tuberculous agents in rats: *Awodele Olufunsho, Department of Pharmacology, College of Medicine, University of Lagos, Nigeria*
- P115 Luetic aortopathy: Revisited: *Bhushan Madke, Department of Dermatology, Seth GS Medical College and KEM Hospital, Mumbai, India*
- P116 Is testing and giving CD4 results to HIV positive pregnant mothers more effective PMTCT intervention?: *Columbus Masereka Columbus, Taso-Uganda Ltd., Uganda*
- P117 Does The Concept of Early And Late Latent Syphilis Hold Well in Today's Scenario?: *Dipankar De Postgraduate Institute of Medical Education and Research, Chandigarh, India*
- P118 Treatment Of STIs Syndromic Vs Etiological: *DSS Sreenivas Prasad, Guntur Medical College India*
- P119 Risk of Malignancy in vulval disorders: *Farkhunda Khurshed, Liaquat University of Medical and Health Sciences, Jamshoro, Sindh, Pakistan*
- P120 Orifical Tuberculosis of the glans penis – A rare case report: *Indrani mohanty, Dept. of Skin & VD, M.K.C.G. Medical College, Berhampur, Odisha, India*
- P121 Local audit of clinical management of alleged victims of sexual assault in GU Medicine: *Indranil Banerjee, NHS Fife Scotland, Great Britain*
- P122 Analysis of atypical and aggressive Kaposi's sarcoma clinical case: *Inga Januskevica, Infectology Center of Latvia, Latvia*
- P123 Correlation of mucocutaneous manifestations of HIV/AIDS Infection With CD4 Counts

Abstract

- and disease progression: *Kamal Vedi, Department of Dermatology & Venereology, Institute of Medical Sciences, Banaras Hindu University, India*
- P125 Syphilis-its clinical profile, management, complications including HIV at Agartala, Tripura, India: *Malay Saha, AGMC & GB Hospital, Retd, India*
- P126 Anemia in HIV positive patients; a study of Isfahan (central of Iran): *Mohsen Meidani, Department of Infectious and Tropical Diseases, Isfahan University of Medical Sciences, Isfahan, Iran; Councelling center for behavioral diseases, Isfahan University of Medical Sciences, Isfahan, Iran; Department of Epidemiology and Biostatistics, School of Health, Isfahan University of Medical Sciences, Isfahan, Iran*
- P127 Tuberculosis of the Penis: *V. Ramesh, VM Medical College & Safdarjang Hospital, India*
- P128 Mitochondrial toxicities of NRT: *Smriti Naswa, Dept. of Skin & VD, Govt. Medical College, Vadodara, Gujrat, India*
- P129 Standardization of duplex NAAT for the detection of *Neisseria gonorrhoeae*: *Neeraj Mahajan All India Institute of Medical Sciences, India*
- P130 A study on the use of imiquimod for the treatment of genital molluscum contagiosum and genital warts in female patients: *Neerja Puri, Punjab Health System Corporation, Punjab, India*
- P131 Emergence of quinolone-resistant *Neisseria gonorrhoea* in Kampala, Uganda: *Patrick Musinguzi, Infectious Disease Institute Mulago National Referral Hospital, Kampala, Uganda*
- P132 Comparative study of prevalence of HIV infection among male and female attending ICTC of a tertiary care hospital: *PK KAR, Govt. Medical College, Jagdalpur, India*
- P133 Mucocutaenous manifestation in HIV positive patients at a rural tertiary care hospital and medical college: *Pragya Nair, Department of Skin & VD, Pramukhswami Medical College, India*
- P134 Anogenital Herpes resembling malignancy in HIV patients: *Priya Sen, National Skin Centre, Singapore*
- P135 HIV and sexual health: *S. Arunkumar, India*
- P136 Pseudoepitheliomatous, keratotic and micaceous balanitis- Case series: *Sanjeev Gupta, MM Institute of Medical Sciences and Research Mullana, Ambala, India*
- P137 genital lesions in males mimicking venereal diseases - A hospital based study in southern odisha: *Satyadarshi patnaik, MKCG Medical College, Berhampur, Odisha, India*
- P138 Insects are crawling in my genital warts: *Saurabh Singh, AIIMS, New Delhi India*
- P139 Clinical and microbiological spectrum of superficial fungal infections in HIV seropositive patients: A Hospital based study in Mumbai, India: *Shital AminPoojary, K.J.Somaiya College, Mumbai, Maharashtra, India*
- P140 Lactic acidosis and Highly Active Antiretroviral Therapy (HAART) Case series: *Shreyaswini Pujary, JSS Medical college and hospital, India*
- P141 A few cases of squamous cell carcinoma mimicking sexually transmitted infections: *Somshukla Ray, Tn Medical College and Byl Nair Hospital, India*
- P142 An evaluation of a Genital Dermatology service set up within a London Sexual Health clinic: *Srinivasulu Narayana, St Anns Sexual Health Centre, Whittington Health NHS, Great Britain*
- P143 Sexual problems in men attending the STD OPD of Rajiv Gandhi Government General Hospital, Chennai: *Subbian Arunkumar, Institute of Venereology, Madras Medical College, India*
- P144 HIV and sexual health: *Subbian Arunkumar, ShreeS Sexual Health Clinic, India*
- P145 Comparison of syndromic diagnosis of reproductive tract infections with laboratory diagnosis among rural married women in Medak District, Andhra Pradesh, India: *Sudha Bala, Osmania Medical College, India*
- P146 Etiology of Leucorrhoea in HIV seropositive and seronegative women with special reference to Bacterial vaginosis: *Sugandhi Rao, Kasturba Medical College, International Center, India*
- P147 Mass-spectrometric analysis VS traditional methods for identification of clinically relevant yeast: *Tatiana Priputnevich, Research Center for Obstetrics, Gynecology and Perinatology, Russia*
- P148 Antimicrobial susceptibility and molecular epidemiological characteristics of *Neisseria Gonorrhoea* in 2008-2011 in South Asia. *Sunil sethi, PGIMER, Chandigarh, India*
- P149 Coloscopic Evaluation Of STDs: *Vukkadala Nivedita Devi, Rangaraya Medical College, Kakinada, India*
- P150 Do we need to screen women presenting for termination of pregnancy (TOP) for STIs in South Africa?: *Yusuf Dangor, University of Pretoria, South Africa*
- P151 Azitromycin in the treatment of gonococcal and non-gonococcal urethritis: *Zoran Nedlic, Clinical Center of Vojvodina, Clinic for Dermatovenereological diseases, Novi*

Abstract

- P152 *Sad, Serbia, 3. General Hospital Pancevo, Microbiological Department, Pancevo, Serbia*
Evaluation of HIV serology test results of ICTC, PPTCT and Blood Banks linked to a State reference Laboratory in Northern India--A two year study: *Meenakshi Malhotra, Regional STD Teaching, Training and Research Center, VMMC and assoc. Safdarjung Hospital, New Delhi, India.*
- P153 Low Prevalence of Chlamydia trachomatis Infection in non-Urban Pregnant Women in Vellore, S. India : *Jill Huppert, Cincinnati Children's Hospital Medical Center, Cincinnati, USA*
- P154 Clinico-investigative study of Candidiasis in women with vaginal discharge: *Rakesh Singh, Department of Dermatology, JIPMER, Puducherry, India*
- P155 Chronic herpetic ulcers in HIV-infected genital herpes patients and its co-relation with CD4+ T-cells: *Satyendra Kumar Singh, India*
- P156 Prevalence and Co-infection study of *Trichomonas vaginalis* and *Chlamydia trachomatis*: *Subash Chandra sonkar, Dr. B. R. Ambedkar Center for Biomedical Research, University of Delhi, , India*
- P157 The consequences of untreated STIs in Women: *Kamal Faour, Dubai Medical College, Dubai, UAE*
- P158 The efficacy of Gram - stain microscopy versus routine culture of high vaginal swabs at a Genito Urinary Medicine Clinic: *K Yoganathan, UK*
- P159 Post-partum, post-sterilisation tubo-ovarian abscess caused by *Fusobacterium*: a case report: *Chenchit Chayachinda, Department of Obstetrics and Gynecology, Faculty of Medicine Siriraj Hospital, Mahidol University, Bangkok, Thailand*
- Track: Other, November 4-5, 2011**
- P160 Vulnerability of Migrant workers wives and children to HIV/AIDS, Hepatitis and STI's in Khyber Pukhtunkhwa Province of Pakistan: *Abid Ali, Dir Area Development Organization DADO, Pakistan*
- P162 The Association Between Alcohol Use and HIV Sexual Risk Behaviours: *Aleefia Somji, Center for Disease Dynamics, Economics & Policy, South Africa*
- P163 Prevalence of opportunistic digestive parasitic infections in kinshasa, democratic republic of congo. Results of a preliminary study in 50 aids patient: *Azariah Ndjolo Mbiye, Youth Development of Congo, Congo*
- P164 Awareness about sexually transmitted infections and reproductive tract infections among married women in rural areas of Medak District, Andhra Pradesh: *B Manoj Aravind, Osmania Medical College, India.*
- P166 Sexual Assault victims- Are we following the recommended schedules from BASSH at 1st presentation??: *Gayetri Chudasama, James Paget Hospital, Great Britain*
- P167 Predictors of Sexual Activity and Condom Use amongst Adolescents in Soweto, Johannesburg, South Africa, *Janan Dietrich, Kathleen Sikkema, Kennedy N. Otwombek, Amy Sanchez, Guy de Bruyn, Martin Van Der Watt¹ and Glenda E. Gray. Perinatal HIV Research Unit, University of the Witwatersrand, Chris Hani Baragwanath Hospital, Johannesburg, South Africa; Department of Psychology and Neuroscience, Duke University, Durham, North Carolina, United States of America*
- P168 Implementing a Gonococcal Antimicrobial Susceptibility Survey in Zimbabwe: From Patient to Laboratory-Lessons Learnt: *Junior Mutsvangwa, Biomedical Research and Training Institute BRTI, Zimbabwe*
- P169 Outreach HIV test in bars, clubs & saunas frequented by MSM in Singapore: *Martin Chio, National Skin Centre & DSC clinic, Singapore*
- P170 Blood Donor Notification: The issue of false positives in HIV testing: *Meenu Bajpai, Institute of Liver & Biliary Sciences, India*
- P171 Adverse drug reactions in highly active antiretroviral therapy (HAART): *Neha Sharma, JSS Medical college and hospital, India*
- P173 Assessing the level female condom, femidom, elegance usage among woman in abuja: *Okoh Chigozie Benjamin, Enugu State University of Science and Technology, Nigeria*
- P174 What puts them at risk of STIs? A bio-behavioral survey of STD Clinic attendees and comparison with healthy controls: *Rama Raj, Department of Dermatology & Venereology, and *Biostatistics, All India Institute of Medical Sciences, New Delhi, India*
- P175 Giving the Treatment to CSWs Affected with HIV/AIDS – Problems and Solutions : A Case-Study of Saheli (NGO), Pune: *M.B. Mistry, Poona College of Arts, Science and Commerce, Pune, India*
- P176 Genital Warts: CanadianS' Perception and health related behaviours, *M Steben, MD Institut national de santé publique du Québec, Montréal, QC, Canada.D LaBelle, Graceway Canada Co., London, ON, Canada*
- P177 Prevalence of Pyridoxine Deficiency in HIV Positive Patients and Effect of Pyridoxine

Abstract

- P178 Supplementation on Neuropsychiatric
Symptoms and Immune Response, Kiran
Vadapalli, Kasturba Medical College,
Mangalore, India
- P179 Madrasah Education and Adolescent Sexual &
Reproductive Health in Bangladesh
- Universal Access to HIV Treatment for migrant
- P180 population living in the UK: when will the UK
achieve this? : *J Stevenson, All African Health
Policy Network (AHPN)*
The sense of familial responsibility of HIV/
AIDS patients in the rural areas of western
China, Shaoru Zhang, Department of Nursing,
School of Medicine, Xi'an Jiaotong University,
Xi'an, China
